Computer Science Teacher (Primary and Secondary Schools) Lycée Français de New York

Reports to: Director of Digital Learning and Head of the Math Department

Start Date: Mid-August, with orientation meetings before.

Purpose:

The Lycée Français is interested in expanding its computer science program in order to support the teaching of problem-solving skills and computational thinking skills (in the primary grades) and interdisciplinary and programming courses (in the secondary grades). The computer science teacher will guide the process of building curricula, teaching courses, and providing feedback for future directions of the program.

Course Responsibilities for this position include, but are not limited to the following (rolled out over 2-3 years):

- Working with primary classes (varied grades 1-5)
- Middle school interdisciplinary project-based courses
- High school elective courses
- Leading after school activities in the area of computer science

Chief Personal Characteristics:

- Excellent classroom dynamic
- Strong interpersonal skills
- Proactive, solutions-oriented mindset
- Ability and desire to work in a team environment
- Flexibility and adaptability
- Professional, gracious attitude at all times
- Excellent written and spoken communication skills; fluency in French and English preferred
- Strong organizational skills and ability to meet deadlines
- Motivation for learning through professional development and certification training as required by the school and self-identified

Certification and Experience Requirements

- Experience teaching computer science across many age groups
- Coding expertise in multiple languages (Java, C++, Python, etc.)
- Knowledge of the French and American educational systems preferred
- Bachelor's degree or equivalent training required, Master's degree in a relevant field will be taken into consideration

Applications must be submitted online by using the link provided, and any required supporting documentation (cover letter and resume) must be uploaded via the <u>application form</u>. Applications will be reviewed as they are received, and the position will remain open until filled.
