

Dwight School is seeking a full-time **Technology Teacher** beginning immediately until June 2016, and can potentially continue for the 2016-2017 school year.

The daily responsibilities of the **Technology Teacher** are to:

- Teach technology classes in grades 6-12, specific grade(s) to be determined.
- Continue the development of the scope and sequence of technology program from grades 1-12 in collaboration with other Technology Teachers and the Director of Technology
- Work with faculty on the increased integration of purposeful technology in their curricula, refreshing existing curricula with innovative uses of technology where appropriate
- Help Director of Technology develop and deliver internal academic technology training for teachers across divisions
- Model innovative technology use for other Dwight faculty members
- Provide first level support to students and faculty with technical issues

The ideal candidate will meet the following qualifications:

- Experience with teaching technology in schools
- Experience working with a 1:1 program with laptops and/or tablets
- Experience with one or more of the following: Design thinking, Digital citizenship, Digital media, Game design, Maker projects, Media production, Programming, and/or Robotics
- Experience with the IB Middle Years Program Technology/Design
- Ability to contribute positively to the community with patience and humor

Interested candidates should submit their most recent resume and cover letter via e-mail to techposition@dwight.edu with the subject Technology Teacher.

Dwight School's goal is to achieve and maintain equal employment opportunities. It is also the policy of Dwight School to maintain a work environment free from discrimination based on race, color, religious creed, national origin, gender, sexual orientation, age, disability, genetic information, veteran/military status, marital status or other status protected by federal or state law, with regards to any term or condition of employment.
