

FAY SCHOOL

Position Available: Fay School Design, Technology, and Innovation Teacher

Beginning August 26, 2016

Description: Fay School, a PK-9 day and boarding school 25 miles west of Boston, seeks a teacher of design and technology to join our Innovation Lab team. Our iLab is a 3,000 square foot space that includes a maker space, design studio, state-of-the-art fabrication room, and wood shop. We seek a dynamic and flexible individual who loves teaching and understands how to engage elementary and middle school children in learning skills of design thinking, problem solving, engineering, and fabrication. The teacher will also teach Digital Literacy courses to students in grades 3-6. This position is full-time with benefits. The ideal candidate will be excited about residing on campus.

As an independent day and boarding school, we expect teachers to become involved in the life of the school. Beyond classroom work, teachers serve as advisors, coaches in our after-school athletic program, and participate in Fay's boarding program.

Qualifications: Candidates must have a bachelor's degree in engineering, industrial or product design, science, math or a related field. A master's degree is strongly preferred. A minimum of three to five years teaching experience or equivalent is required, preferably in an independent middle school setting. We seek teachers who believe in differentiated and developmentally-aligned models of teaching and learning; understand the importance of cultural competency and instructional technology; and are attuned to the social and emotional growth of young students. Teacher certification is not required. Fay School seeks candidates who will reflect and enhance the racial, cultural, and gender diversity of our school; a demonstrated ability working in a diverse and inclusive community is essential.

Responsibilities include but are not limited to:

- Supporting the mission, philosophy, and core values of the School
- Demonstrating academic excellence through a working knowledge of Fay's core curriculum
- Delivering appropriate materials, lessons, and regular assessments of students using a variety of teaching strategies
- Effectively using academic technology to enhance instruction
- Issuing effort grades and comments for students in a timely manner
- Participating in the Faculty Evaluation Program
- Participating in parent conferences and communicating with parents regularly
- Attending all required meetings of the faculty and the iLab staff

Salary to be determined based on experience and education. Interested candidates should send cover letter, resume, and list of three references via email with the subject line "Design, Technology, and Innovation Teacher" to fajjobs@fayschool.org.

Fay School, 48 Main Street, Southborough, MA 01772
